

## Place devices

The player can select devices from side menu and place them on conveyors

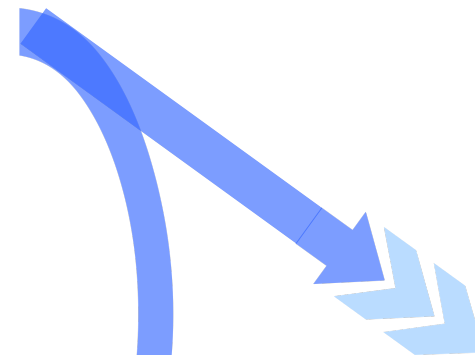

## Start factory

The player can start the factory any time by pressing the play button

## Watch

While the factory is running the player can see the ice cream cups moving around

## Success

If the factory is able to produce the same ice cream the truck driver asked, the player wins!

## Find mistakes

## Stop factory

## Rearrange devices

- ↳ Change properties
- ↳ Remove
- ↳ Flip
